May 25th

## A Message From The News Committee:

This Is A special Newspaper, it is all about comics. Here at the News Committee, we wanted to enjoy a break from article work and let you, the reader decide what goes into this paper. In this addition of the 305 tribune you will find More Comics than anything else, aside from a few necessary components for every newspaper. We hope that you enjoy

## Julius Caesar Recap

Last Wednesday, the room 305 showed and performed their adaptation of the Shakespeare Play: Julius Caesar. The classroom took on a partly rocky dress rehearsal on Tuesday, but then had a stellar performance for another audience the next. Over the past eight weeks, 305 had been working as hard as they could to make the Julius Caesar play the best it could be. From Reading the play to memorizing blocking, 305's hard work paid off greatly. The One person 305 would like to thank the most though is their former 4th grade teacher, Ms. Barr. Who Organized four Julius Caesar plays. Not only did she help 305 deliver a performance for the ages, but she helped classmates learn public speaking skills, how to work with others, and most of all. The art of Theatre. Overall, the play was one of the greatest performances in the history of the Bell School Auditorium.

# Committee Reports:

### **Pr Committee:**

Hi guys! PR committee would first like to announce our new chair, Maddie. Now, we are taking on a new project of making a banner and flag for the classroom, and we will be teaming up with the news committee for that project, and we will keep you guys updated as we get farther into planning. We still are very early in the planning so we don't have that many details but again we will be keeping you guys posted as we go, Thanks!

### **Facilities Committee:**

'Sup! This has been a great quarter for us, and we've had many successes. Some of these include organizing Closet 3 multiple times, conducting the gecko fundraiser, and of course, our amazing gecko, Atlas!! We've set up his terrarium, got Atlas himself, and kept up with all his needs. We've got our Meet n' Greet for the whole class, and we're thinking about maybe having another one. Also, we have a new chair, Elizabeth, and assigned each committee member a special job. Ella is the money/economics manager, Xiomara is the PR manager, and Dyanara is the gecko manager. For our next projects, we would like to organize the shelves that hold the papers by sorting the construction paper into cereal boxes based on color. We will be bringing in a bin for cereal box donations. We will also want to hold a second Atlas Meet n' Greet, we will have more info on this in the near future.

-The Facilities Committee

### **Tech Committee**

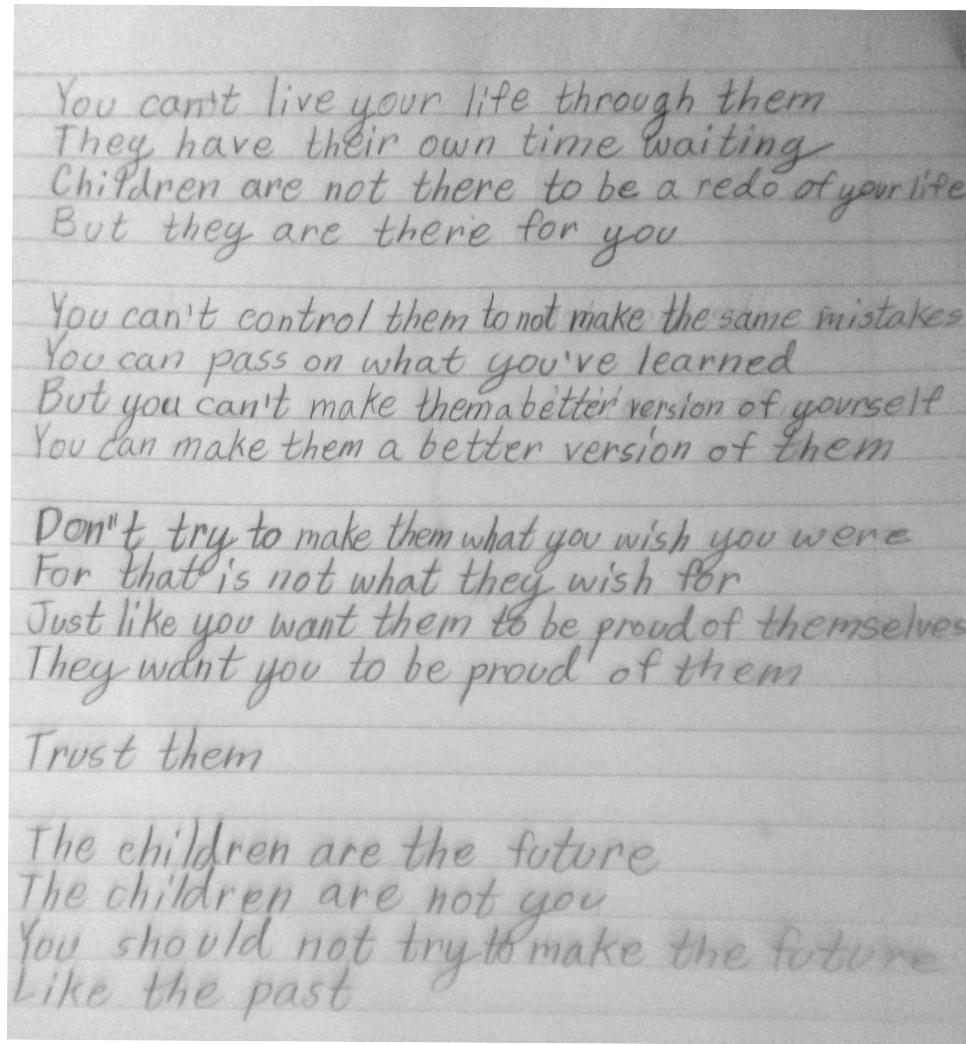

Hi! This is the tech committee. We don't have many big plans, but we still hope to upgrade the computers to windows 8. Bye!

### Literacy Committee

The library is doing well, we have some new graphic novels. We are trying to get rid of all the clutter in the library, but other than that we are doing good and don't have any major plans coming up.
